EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 1-10 and 15-27 to an invention non-elected without traverse. Accordingly, claims 1-10 and 15-27 have been cancelled.

The following is an examiner's statement of reasons for allowance:

Claims 11-14 are allowed primarily because the prior art does not teach or suggest the claimed invention in claim 11 regarding selectively removing portions of the insulating layer to leave a plurality of tab insulators in the active area, and patterning the first layer to form a gate finger, a plurality of gate tabs adjacent to the gate finger, and a plurality of tab connections connecting the plurality of gate tabs to the gate finger, taken in the context of the remaining processing steps of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Tuan Quach whose telephone number is 571-272-1717. The examiner can normally be reached on M-F from 8:30 AM to 4:30 PM.
